

# Lambton-Shores Co-operative

## WIND

Welcome to the Lambton Shores Community Power Co-operative Inc. We are based in the Municipality of Lambton-Shores in Ontario, Canada, on the southern shores of Lake Huron.

Our Co-op has two wind projects totalling approximately 4 MW. These projects are currently in the planning and development stages.

### Donkers project

Project size approx. <sup>5</sup> <b>2 MW</b>	Estimated Power Generation <sup>1</sup> <b>7 million kWh per yr</b>	Estimated Commercial Operation <b>2 quarter 2015</b>
--	--	---

### Forest project

Project size approx. <sup>5</sup> <b>2 MW</b>	Estimated Power Generation <sup>1</sup> <b>7 million kWh per yr</b>	Estimated Commercial Operation <b>2 quarter 2015</b>
--	--	---

Estimated

# \$10,000,000

Economic development & private investment in Ontario meeting the 50% domestic Ontario content of the FIT program.

## Benefits to you

- ✓ Establishment of a community fund(s)
- ✓ Opportunity to further supplement your income
- ✓ Contribute to a cleaner environment while powering an estimated 1,200<sup>2</sup> homes per year

### GREEN FACT

These projects are the equivalent to taking approximately 500<sup>3</sup> cars off the road, which would be equal to 1,400<sup>4</sup> tonnes of carbon emissions **NOT** going to our environment.

One-time membership in this Co-op costs

# \$500
